

Lebanon FCU Digital Banking Upgrade

Q4 2024

All members will need to re-enroll in digital banking, and their previous usernames and passwords will not transfer over. Members can enroll on either mobile banking or online banking – credentials will be the same for both.

Members that have our mobile app will not need to re-download the app. This will just be an update to the current app and it should automatically update on their phone.

Members logging in on a desktop computer will still access online banking through our website.
